

## 8 Easy Steps to Obtaining Fuel in a Highly Controlled Efficient Fueling Environment

### Step 1 & 2

Insert your **Driver Card** into the card reader and remove immediately. If you are using a **2-Card System**, insert your **Vehicle Card** and remove immediately.

### Step 7

Activate the nozzle by engaging lever on dispenser. Then pull trigger and begin dispensing fuel.

### Step 1 & 2

If you are using a **Mag Stripe Card**, insert your card in the slot on the right and remove immediately.

### Step 8

**Turn Off Pump - Hang Up Nozzle** before driving away.

### Step 3-6

Enter your information when prompted and press **Enter** following each prompt.

Use the **HELP PHONE** nearby if you need assistance or to report an incident.
